This has been completed

 T1A3\_TerminalApp #4

Find movie database for film titles

 T1A3\_TerminalApp #5 

**Create list of users #5**  Edit title

 Open krd81 opened 18 minutes ago

 **krd81** 18 minutes ago  Edit

No description provided

 **krd81** 1 minute ago · **Owner** 

Downloaded list of users/email address - need to write a program to add a password to each record

 **krd81** now · **Owner** 

Create a method to generate a random password - this method will be called for each record and this will add a field "password" which will append to the record.

 **krd81** now · **Owner** 

Once each record has a password - the entire database can be saved to a new JSON file
